A Special Census is Coming Soon to Our Community

Later this summer, the City of Carmel will conduct a Special Census to get an updated population count. This new count will help us qualify for additional state revenues that can be used for road projects, education for our children, programs for our seniors, and other important services for our community.

The City of Carmel wants you to know that enumerators will be coming to your door. Each will be wearing an official US Special Census tag (see picture below):

The questions are limited to seven subjects:

- Name
- Household Relationship
- Gender
- Date of Birth
- Age
- Hispanic or Latino origin
- Race

The Census Bureau never releases information that identifies you or your household. The questioning process takes only five minutes and will result in years of growth for our City.

There are more ways to help!

Workers are very important to the Special Census process

Earn extra money while helping the City.
